- 1. Cup Stacking-** get plastic cups and number them. Have them stack them in order in groups of 10 and count them as they stack.
- 2. Number Bingo-** On a sheet of paper create a bingo board 4 by 5. Randomly label 1-20 through the squares. On little slips of paper write the numbers out then draw them and play bingo. Say the number and they will mark it if they have it.
- 3. Shape Scavenger Hunt-** Go on a scavenger hunt either in the house, or outside and try to find objects that have different shapes and talk about the shapes.
- 4. Playing Card Addition -** Get a deck of cards, pick out all numbers between 1 and 5 and shuffle them. Have them pull out two at a time and add the numbers together. As they get used to it add the other numbers from the deck.
- 5. Board games** are always fun as a family such as candy land or chutes and ladders.
- 6. Finish the Pattern -** Get a bag of skittles or M & Ms and create color patterns and work on sorting and finishing the patterns.
