

# Washington County Department of Education Summer Program

Dear Parents / Guardians:

Your child has the opportunity to attend a reading and math enrichment session during the summer. All students in grades K-7 are invited to attend one of the seven summer programs that will be located at Boones Creek Elementary, Fall Branch, Grandview, Jonesborough Elementary, Lamar, South Central and West View starting on June 3, 2019. Students may attend the school site of your choice. The daily sessions will begin at 8:30 a.m. and end at 1:30 p.m. A breakfast snack and a light lunch will be provided each day for the children. No fees will be charged for the program or the food; you must provide transportation to and from the summer session. The summer program will end June 28, 2019, which will be a rewards day.

Washington County teachers will provide reading and math instruction as well as individualized tutoring to help students review and practice skills taught during the 2018-2019 school year and preview skills to be taught during the 2019-2020 school year. Research has established that students who receive extra help during the summer are better prepared to do well in the next school year. You are also encouraged to attend parent activities that will be conducted during this program so that you may learn things to do at home to help your child become a better student.

We need enrollment numbers in order to know how many teachers to assign. **To enroll your child in this summer reading and math enrichment session, complete the bottom section of this letter and return it to your child's teacher *by Thursday, May 9<sup>th</sup>*.**

If you want your child to do better in school next year, you need to take advantage of the program. This 20-day enrichment session during summer vacation provides an excellent opportunity for students to receive extra attention in reading and math. We hope your child will participate in this learning experience.
