Quarter 4-2020-2021

What a great time to be a Trailblazer!! Our students are beginning quarter four of the 2020-2021 school year. The majority of our students are back in the building with their peers four days per week. We do have some students remaining on remote learning while receiving synchronous instruction at home. From now until the end of the school year, all students are virtual on Wednesdays. We encourage parents to communicate with teachers or school administrators about anything they may be observing with their children as we continue forward. Together we will work to prescribe any resource available in order to help resolve barriers. Our number one priority is to ensure student success.

Please mark your calendars for the following school wide events for the spring semester:

Spring Break - March 29 - April 2
